I'M GOING TO CONNECT THIS MAGNET TO YOUR HEAD." IS ABOUT TO HEAR SOMETHING AMAZING. HE HAS SEVERE HEARING LOSS, AND THIS IS THE DAY DOCTORS ARE ACTIVATING A HEARING AID THEY IMPLANTED IN HIS SKULL 3 MONTHS AGO. HOW ABOUT THERE? FEEDBACK? A LITTLE, WHEN YOU SPOKE, YEAH." THE DEVICE GOES BEHIND THE EAR BETWEEN THE SKIN AND THE FIRST LAYER OF THE BONE. "EACH CLICK I HEAR IS A DIFFERENT FREQUENCY." AFTER MAKING A FEW ADJUSTMENTS HERE.. JUST RAISE YOUR HAND WHEN YOU HEAR THAT STATIC NOISE. GEORGE AND THE AUDIOLOGIST MOVE HERE, TO MAKE SURE THE DEVICE IS WORKING PROPERLY. AND IT'S NOT LIKE A TYPICAL HEARING AID.. THIS ONE TAKES SOUND AND TRANSFERS IT ELECTRO MAGNETICALLY TO A BIONIC EARDRUM. THE SOUND THEN IS AMPLIFIED AND REDIRECTED TO THE INCUS AS A MORE POWERFUL

SOUND STIMULUS THAT CREATES LOUDER SOUNDS BECAUSE OF BIGGER VIBRATIONS. WE ARE GOING TO GO FOR THE LOWER FREQUENCIES, OKAY. AND SO FAR, GEORGE HEARS ALL THE SOUNDS THE AUDIOLOGIST RUNS BY HIM. "QUITE HONESTLY IT FEELS WEIRD HEARING WITHOUT SOMETHING IN MY EAR. SO FAR I'M HAPPY WITH IT."AND HE'S AMAZED AT HOW SIMPLE THE HEARING AID IS TO OPERATE, THANKS TO THIS SMALL REMOTE YOU PUT IT UP TO YOUR HEAD AND THE MAGNET IN HERE CONNECTS WITH THE MAGNET IN THE DEVICE AND IT WILL ADJUST THE VOLUME OR TURN IT OFF IF I NEED TO TURN IT OFF.BUT THE BIG ADVANTAGE IS REALLY CONVENIENCE.IT IS NOT SOMETHING YOU ACTUALLY NEED TO PUT ON AND TAKE OUT, SO IT'S MUCH MORE COMFORTABLE TO GO TO SLEEP, IT'S MORE COMFORTABLE TO GO SWIMMING, FOR PEOPLE WHO ARE VERY MUCH INTO SPORT ACTIVITIES.WORKING OUTSIDE, BOATING, FISHING, SNORKLING... I COULDN'T WEAR A HEARING AID. SO NOW WITH THIS I AM ABLE TO DO EVERYTHING OUTSIDE THAT... AND I'LL BE ABLE TO HEAR, WHILE I'M DOING IT.AND GEORGE IS LOOKING FORWARD TO HEARING EVERY AMAZING MOMENT.

BUT IT ALSO RAISES QUESTIONS ABOUT WHETHER THEY'RE GETTING APPROPRIATE TREATMENT." AMERICANS CAN NOW CHOOSE FROM AT LEAST 38 DIFFERENT ANTIDEPRESSANTS. "IT WASN'T CLEAR WHY THEY WERE RECEIVING IT. IT WASN'T CLEAR IF YOU LOOKED IN THE DOCTOR'S RECORDS, OR IF YOU ASKED THE PATIENTS THEMSELVES. " THAT'S BECAUSE MOST ANTIDEPRESSANTS ARE PRESCRIBED... BECAUSE MOST OF US HAVE NEVER BEEN EXPOSED TO SWINE FLU BEFORE-- SCIENTISTS-- RIGHT NOW--- BELIEVE IT WILL TAKE TO TWO SHOTS TO BUILD UP ENOUGH IMMUNITY TWO DOSES ABOUT THREE WEEKS APART. BUT WITH THE NEW VACCINE NOT READY UNTIL MID OCTOBER, WE DID THE MATH. THE FIRST SHOT IN MID OCTOBER, AND ROUND TWO WOULDN'T COME UNTIL NOVEMBER... AND A PATIENT WOULDN'T HAVE FULL IMMUNITY UNTIL TWO -- TO FOUR WEEKS AFTER THAT.. DECEMBER. LONG AFTER THE FLU SEASON BEGINS. AND THERE'S THE QUESTION ABOUT SAFETY. SO MANY AMERICANS WONDERING-- IF GETTING A NEW VACCINE-- IS WORTH THE RISK . . IN KANSAS CITY, MISSOURI, THIS MOTHER ASKED HER FAMILY DOCTOR-- ON TOP OF SO MANY OTHER CHILDHOOD VACCINES, WILL THIS SIMPLY ADD TO THE RISK FACTORS IF SHE GIVES IT TO HER CHILDREN "MY BIGGEST WORRY IS JUST THE TIME FRAME // HAS IT BEEN TESTED ENOUGH." HER DOCTOR-- LIKE SO MANY OTHERS-- IS REASSURING PARENTS THE NEW SHOT-- WON' T BE MUCH DIFFERENT FROM THE REGULAR FLU SHOT. "THIS IS PRODUCED IN THE SAME WAY, USING THE SAME METHODS AND THE SAME FACTORIES. AND ONE PEDIATRICIAN IS TAKING IT A STEP FURTHER.. DECIDING HIS OWN FOUR CHILDREN WILL BE PART OF THE CLINICAL TRIALS. "FROM MY READING THIS VACCINE IS VERY, VERY SIMILAR TO THE VACCINE WE GIVE FOR SEASONAL FLU, SO I DEFINITELY WOULD LIKE MY KIDS TO BE PROTECTED" I'M THE HEALTHIEST 55 YEAR OLD YOU EVER SEEN... HEY I PLAY GOLD EVERY WEEKEND" THE LAST TIME THERE WAS A SWINE FLU SCARE WAS 1976.. THE NATION WATCHED AS PRESIDENT FORD GETTING HIS OWN SWINE FLU SHOT.. TO SHOW WAS SAFE. BUT THAT YEAR THE VACCINE KILLED MORE PEOPLE THAT YEAR THAN THE FLU DID. AND FINALLY.. THIS TIME AROUND THERE ARE STILL QUESTIONS ABOUT THE PRESERVATIVE THIMERISOL WHICH WILL BE USED IN SOME FORMS OF THIS NEW VACCINE. ONLINE BLOGS ARE ABUZZ WITH WARNINGS-- FROM THOSE WHO HAVE LONG BELIEVED THAT PRESERVATIVE CAN LEAD TO AUTISM, BUT THERE ARE NO SCIENTIFIC STUDIES TO BACK THAT UP.

EAT A HEALTHY DIET, LIVE A HEALTHY LIFE... A LOT OF DOCTORS DON'T THINK THIS MANTRA IS BEING TRUMPETED ENOUGH. A RECENT SURVEY OF PRIMARY CARE PHYSICIANS SHOWS 96 PERCENT OF THEM BELIEVE OUR COUNTRY'S HEALTH CARE SYSTEM SHOULD PLACE GREATER EMPHASIS ON PROPER NUTRITION TO TREAT AND MANAGE CHRONIC DISEASES. "THERE HAVE ACTUALLY BEEN SIGNIFICANT STUDIES AND RESULTS SHOWING THAT A HEALTHY DIET CAN ACTUALLY PREVENT CERTAIN DISEASES, SPECIFICALLY CARDIAC DISEASE." "HART RESEARCH ASSOCIATES" SURVEYED 400 PRIMARY CARE PHYSICIANS, WHO WORK MOSTLY WITH ADULTS. RESULTS SHOW THE MAIN REASON THERE'S A LACK OF EMPHASIS ON A BALANCED DIET RICH IN FRUITS AND VEGETABLES IS MEDICAL COVERAGE. NUTRITIONAL SERVICES, LIKE ONE-ON-ONE COUNSELING WITH A REGISTERED DIETITIAN, MOST TIMES ISN'T COVERED BY INSURANCE... SO MANY WOULD BE PAYING OUT OF POCKET. THIS COUNSELING TEACHES PEOPLE THE RIGHT WAY TO EAT AND LIVE A HEALTHY LIFESTYLE, WHICH NOT ONLY CAN HELP LOWER THE RISK OF CHRONIC HEALTH CONDITIONS, LIKE DIABETES AND HIGH BLOOD PRESSURE, BUT ALSO LOWER HEALTH CARE COSTS. A HEALTHY, WELL-BALANCED DIET SHOULD INCLUDE AT LEAST FIVE SERVINGS OF FRUITS AND VEGETABLES A DAY, AS WELL AS 25 TO 35 GRAMS OF FIBER.

AND OBESITY COSTS THE HEALTH CARE SYSTEM NEARLY 150 BILLION DOLLARS A YEAR. A THIRD OF OUR COUNTRY IS OVERWEIGHT. AND ANOTHER THIRD IS OBESE. AND WITH THAT, ALL THOSE OTHER HEALTH PROBLEMS COME WITH IT. WE CAN TURN THAT SHIP AROUND BY ADDRESSING OBESITY. ABSOLUTELY, ONE DAY AT A TIME." DR. RICANATI SAYS THERE ARE THREE THINGS YOU CAN DO TO GET FIT. FIRST, START EXERCISING. EVERYONE SHOULD DO IT AT LEAST 30 MINUTES A DAY. AND THOSE 30 MINUTES CAN BE DIVIDED INTO THREE, TEN-MINUTE SEGMENTS. YOU CAN THEN GRADUALLY INCREASE YOUR TIME DEPENDING ON HOW MUCH WEIGHT YOU WANT TO LOSE. ALONG WITH EXERCISE, PEOPLE NEED TO ADOPT A HEALTHY DIET KEEP YOUR PORTION SIZES SMALL, DRINK PLENTY OF WATER AND TRY TO STEER CLEAR OF SWEETS. AND FINALLY, TAKE TIME TO RELAX. "WE FOCUS ON THINGS LIKE YOGA AND BREATHING AND MEDITATION. AND ALL OF THAT. AND THAT'S WONDERFUL. IF YOU CAN'T DO ALL THAT RIGHT NOW, THAT'S OKAY, TOO. JUST STOP AND TAKE A BREATH, A COUPLE OF TIMES A DAY AND YOU'RE OFF TO A GOOD START." MOST IMPORTANTLY, ADOPTING A HEALTHY LIFESTYLE SHOULDN'T BE SEEN AS A CHORE BECAUSE THEN YOU'RE LESS LIKELY TO STICK WITH IT.

AND OUR COMPUTER AUTOMATICALLY E-MAILS PATIENTS BEFORE THEIR VISITS SO WE DON'T HAVE TO CALL EACH ONE TO REMIND THEM ABOUT THEIR APPOINTMENT." WE WANTED TO BE THE KIND OF DOCTORS WE WERE TRAINED TO BE. WE BOTH REALLY VALUE THE RELATIONSHIP WITH OUR PATIENTS. WE'RE DOING A HOME VISIT FOR A NEWBORN. HE NEEDS A WEIGHT CHECK. THEY NEED TO SEE PATIENTS QUICKLY, EVERY TEN MINUTES IN A TRADITIONAL SETTING. AND THAT'S, I THINK, WHERE YOU HAVE THE DOCTOR HOLDING ONTO THE DOOR HANDLE, SAYING, 'EVERYTHING ELSE OK? RIGHT? NOTHING ELSE IS A PROBLEM.', BECAUSE YOU DON'T HAVE TIME TO ADDRESS IT IF YOU GET A POSITIVE ANSWER. IT'S LIKE, IMAGINE, WHAT IT WAS LIKE SIXTY YEARS AGO. I WON'T HOLD IT AGAINST YOU. FOR WOMEN WITH A FAMILY HISTORY OF BREAST CANCER, THE LIKELIHOOD IS EVEN HIGHER. FORTUNATELY, A NEW STUDY FINDS THAT SOMETHING AS SIMPLE AS BREASTFEEDING MIGHT REDUCE BREAST CANCER RISK. RESEARCHERS FOUND THAT WOMEN WITH A MOTHER OR SISTER WITH BREAST CANCER WERE 59% LESS LIKELY TO DEVELOP THE CANCER THEMSELVES IF THEY BREASTFED THEIR CHILDREN. BREASTFEEDING DID NOT

SIGNIFICANTLY AFFECT THE RISK FOR WOMEN WITH NO FAMILY HISTORY OF BREAST CANCER. WHETHER A WOMAN HAD BREASTFED FOR ONLY 3 MONTHS IN HER LIFE OR 3 YEARS, SHE WAS STILL HALF AS LIKELY TO BE DIAGNOSED WITH BREAST CANCER AS THOSE WHO HAD NEVER BREASTFED. WHY BREASTFEEDING HAS THIS EFFECT IS STILL UNKNOWN, BUT RESEARCHERS SUSPECT THAT IT PREVENTS BREAST INFLAMMATION FOLLOWING CHILDBIRTH-A CONDITION THAT IS THOUGHT TO INCREASE THE RISK OF CANCER.

SHE SAYS SHE WISHES SHE'D STARTED EARLIER. HAVING WORKED IN MEDIA FOR 13, 14 YEARS I GOT VERY USED TO THE WHOLE HIGH LIVING, FAST LIVING MEDIA LIFESTYLE AND JUST DIDN'T GET ROUND TO IT ... AND THEN THE BODY CLOCK REALLY STARTS TICKING .. OTLEY CONCEIVED WITH THE HELP OF A FERTILITY DRUG, THOUGH SHE AND HER HUSBAND WERE PLANNING TO TRY IN VITRO FERTILIZATION-- OR IVF-- NEXT IF THIS DIDN'T WORK. IVF IS A PROCESS WHERE EGG CELLS ARE FERTILIZED IN A LABORATORY PROCEDURE... AND THEN TRANSPLANTED TO A WOMAN'S WOMB. DOCTORS AT I-V-F CLINICS SAY THEY'RE GETTING MORE AND MORE WOMEN LIKE SARAH COMING THROUGH THEIR DOORS LOOKING FOR HELP CONCEIVING LATER IN LIFE. WOMEN ARE NOT ACHIEVING THE FAMILY WHEN NATURE DICTATES WHICH IS LATE TEENS EARLY TWENTIES. WOMEN'S FERTILITY HAS BEEN DELAYED, HELD BACK BY CAREER, ECONOMIC PRESSURE, UNSTABLE MARRIAGES THE DIVORCE RATE IS VERY HIGH - MODERN SCIENCE MEANS MUCH OLDER WOMEN THAN SARAH CAN NOW GIVE BIRTH LONG AFTER NATURE SAYS NO.

MENABEWY SAYS HIS CLINIC HAS A FIFTY PERCENT SUCCESS RATE AMONGST OLDER WOMEN WHO USE DONATED EGGS FROM YOUNGER WOMEN TO GET PREGNANT. LAST MONTH, ONE OF THE WORLD'S OLDEST MOTHERS, A SPANISH WOMAN WHO REPORTEDLY USED IVF, DIED OF CANCER AT THE AGE OF 69... A NEW STUDY FINDS THAT A RARE GENETIC MUTATION MAY ALLOW SOME PEOPLE TO COMFORTABLY GET BY ON ONLY 6 HOURS OF SLEEP A NIGHT USING A FAMILY IN WHICH BOTH MOTHER AND DAUGHTER NATURALLY NEEDED ONLY 6 HOURS OF SLEEP, RESEARCHERS WERE ABLE TO ISOLATE THE SPECIFIC MUTATION THAT THEY BELIEVED WAS RESPONSIBLE FOR THE DIFFERENCE IN SLEEP NEEDS. WHEN RESEARCHERS EXAMINED THE EFFECTS OF THIS MUTATION IN MICE, THEY FOUND THAT MICE WITH THIS MUTATED GENE NOT ONLY SLEPT LESS THAN OTHER MICE BUT THEY NEEDED LESS TIME TO RECOVER FROM SLEEP DEPRIVATION. THOUGH THIS MUTATION IS RARE IN HUMANS, THESE FINDINGS OFFER NEW LEADS FOR STUDYING THE EFFECTS OF SLEEP ON HEALTH.

RIGHT NOW EVERYONE IS TALKING ABOUT HEALTH CARE REFORM. SO WE CAME TO LAS VEGAS BECAUSE WE HEARD ABOUT A DOCTOR WHO'S DOING SOMETHING INNOVATIVE TO TRY TO TREAT UNDER-INSURED PATIENTS. WE CAME HERE TO MEET HIM." DR. NICK SPIRTOS IS DIRECTOR OF THE WOMEN'S CANCER CENTER OF NEVADA. WHEN THE OUTPATIENT CANCER CENTER AT THE COUNTY HOSPITAL CLOSED DOWN EARLIER THIS YEAR BECAUSE OF STATE BUDGET CUTS, SPIRTOS FOUND A SOLUTION IN HIS STORAGE AREA. HE CONVERTED THAT SPACE INTO A CHEMOTHERAPY ROOM. THAT'S AN INCREDIBLE PICTURE OF YOUR MOTHER. IT WAS HER WEDDING DAY. 28 YEAR OLD CHRISTINA AGUILAR'S MOTHER DIED FROM CANCER WHEN SHE WAS 18. NOW SHE HAS ADVANCED STAGE OVARIAN CANCER, AND NO WHERE TO TURN,

BECAUSE HER INSURANCE DOESN'T COVER CHEMOTHERAPY, AND SHE MAKES TOO MUCH MONEY TO QUALIFY FOR MEDICAID. WHEN I FOUND OUT, I WAS STILL WORKING AND MAKING GOOD MONEY. HOW MUCH WERE YOU MAKING? \$8.76 AN HOUR. WHAT WERE YOU DOING? I WAS A CASHIER AT TOYS R US. CHRISTINA IS LUCKY. SHE IS STILL EMPLOYED. IF YOU'RE RECENTLY UNEMPLOYED, YOU HAVE NO INSURANCE BENEFITS AND YOU DON'T QUALIFY FOR ANY OF THE PUBLIC AID. SO, AMAZINGLY, THE PEOPLE WHO HAVE BEEN WORKING AND SUPPORTING THE SYSTEM, THE MOMENT THEY ARE OUT OF WORK, THEY DON'T FIT IN ANY ROUND HOLES. THEY ARE SQUARE PEGS. IN THE PAST, PATIENTS LIKE CHRISTINA COULD TURN TO THE COUNTY HOSPITAL FOR HELP, BUT NOW THAT FACILITY LIKE SO MANY OTHERS ACROSS THE COUNTRY ARE BEING FORCED TO MAKE TOUGH CHOICES. SO SPIRTOS CREATED A PLACE FOR THEM TO FIT IN. HE CONVINCED HIS PARTNERS TO TAKE ON THE PATIENTS PRO BONO, AND GOT CLARK COUNTY TO PAY FOR EXPENSIVE CHEMOTHERAPY DRUGS. IF CHRISTINA WERE NOT ABLE TO COME HERE, WHAT WOULD HAPPEN TO CHRISTINA? OVER TIME, HER CANCER WOULD PROGRESS AND SHE WOULD PASS AWAY. NOW HE'S TRYING TO CURE CHRISTINA IN WHAT USED TO BE A STORAGE ROOM, CONVERTED INTO A PLACE OF HOPE. THE GREAT PART OF THIS IS CHRISTINA'S HAIR WILL GROW BACK. MINE WON'T!

RESEARCH HAS SHOWN THAT EATING WHOLE GRAIN FOODS REDUCES THE RISK FOR HEART DISEASE, OBESITY, AND CERTAIN CANCERS. WHILE THESE HEALTH BENEFITS WERE ORIGINALLY THOUGHT TO COME FROM HIGH FIBER CONTENT OF GRAINS, A NEW STUDY SHOWS THAT ANTIOXIDANTS, LIKE THOSE FOUND IN POPCORN AND BREAKFAST CEREALS, MIGHT BE A MORE IMPORTANT INGREDIENT FOR FIGHTING OFF DISEASE. RESEARCHERS LOOKED AT THE TOTAL LEVELS OF ANTIOXIDANTS IN COMMON BREAKFAST CEREALS AND SNACK FOODS AND FOUND THAT MANY OF THEM CONTAINED A SURPRISING AMOUNT OF AN ANTIOXIDANT KNOWN AS POLYPHENOL. WHILE POLYPHENOL IS BEST KNOWN FOR LENDING DISEASE-FIGHTING POWER TO FOODS LIKE CHOCOLATE, WINE, AND COFFEE, RESEARCHERS DISCOVERED THAT MANY OF THE WHOLE GRAINS COMMON TO THE AMERICAN DIET ALSO CONTAIN SIGNIFICANT LEVELS OF THIS ANTIOXIDANT. BREAKFAST CEREALS MADE WITH WHEAT OR CORN HAD THE HIGHEST LEVELS OF POLYPHENOL AND AMONG SNACK FOODS, POPCORN WAS THE BEST SOURCE FOR THIS ANTIOXIDANT.

BEHIND BARS SINCE 1986 FOR A KIDNAPPING AND RAPE... ARE YOU ANGRY ERNEST? I'M ANGRY. I FORGIVE, BUT I WON'T FORGET. SONNIER IS ANGRY..BECAUSE HE'S ALWAYS SAID HE WAS INNOCENT. AND ONCE D-N-A TESTING BECAME POSSIBLE, HE WANTED AUTHORITIES TO EXAMINE THE GENETIC EVIDENCE. NOW, ALL THIS TIME LATER THEY AGREE THE D-N-A INDICATES SONNIER DID NOT COMMIT THIS CRIME. YOU'VE HEARD THIS TYPE OF STORY BEFORE BUT HERE'S A TWIST.... SONNIER IS NOW THE SIXTH PRISONER FREED FOLLOWING ACCUSATIONS OF SHODDY WORK FROM THE SAME LABORATORY RUN BY THE HOUSTON POLICE! THE HOUSTON POLICE DEPARTMENT CRIME LAB IS GROUND ZERO FOR EVERYTHING THAT HAS GONE WRONG WITH CRIME LABS AND THE CRIMINAL JUSTICE SYSTEM. BARRY SCHECK IS THE CO-DIRECTOR OF THE INNOCENCE PROJECT, WHICH WORKS TO EXONERATE WRONGLY CONVICTED PEOPLE. THE GROUP TOOK ON SONNIER'S CASE. THERE WERE NUMEROUS INSTANCES WHERE CRIME LAB ANALYSTS MISREPORTED RESULTS OR HID EXCULPATORY RESULTS. AND THE WHOLE LABORATORY WAS WOEFULLY MISMANAGED. ADD TO THAT A LEAKY LABORATORY ROOF AND A TROPICAL STORM THAT FLOODED THE LAB IN 2002, AND YOU SEE WHY

SOME OF THE WORK THAT COMES FROM THIS LAB EARNED THE LABEL-JUNK SCIENCE. THE PAST PROBLEMS THEY HAD WERE UNCONSCIONABLE. PATRICIA LYKOS IS THE LOCAL DISTRICT ATTORNEY JUST TAKING OFFICE THIS PAST JANUARY. SHE WANTS A DOCTOR OPERATED COUNTY LAB TO TAKE OVER DUTIES OF THE TROUBLED CITY POLICE LAB. IT IS ABSOLUTELY VITAL WE HAVE AN INDEPENDENT CRIME LAB. THE VICTIM IN THIS CASE WAS KIDNAPPED AT AN OLD GAS STATION WHICH USED TO OPERATE ON THIS HOUSTON CORNER. THE VICTIM IDENTIFIED SONNIER AND JURORS WERE TOLD HIS HAIR WAS FOUND IN THE VEHICLE. BUT NOW, THE D-N-A SHOWS IT DEFINITELY WAS NOT HIS HAIR. INCREDIBLY, THE D-N-A INDICATES TWO OTHER MEN COMMITTED THE CRIME. AND AUTHORITIES WHO KNOW WHO THEY ARE. FELONS WHO ARE NO LONGER BEHIND BARS. JUNK SCIENCE NOT ONLY WRECKS THE LIFE OF SOMEONE LIKE ERNEST SONNIER, BUT IT HARMS US, THE PUBLIC, BECAUSE THE PERSON OR PERSONS WHO KIDNAPPED THE VICTIM FROM THIS LOT NEARLY A QUARTER- A CENTURY AGO HAVE NEVER BEEN HELD ACCOUNTABLE. SO, WILL AUTHORITIES REOPEN THE CASE AND PROSECUTE? THE ANSWER IS NO BECAUSE THE STATUTE OF LIMITATIONS HAS EXPIRED. HOW DOES IT MAKE YOU FEEL THE TWO PEOPLE IMPLICATED FROM THE D-N-A CAN'T BE PROSECUTED? BECAUSE OF THE STATUTE OF LIMITATIONS? IT MAKES ME SICK. GARY: WHAT IS THIS? ERNEST: A MONITOR.. FOR NOW, SONNIER WEARS THAT MONITOR SO HIS WHEREABOUTS CAN BE TRACKED. HE STILL HASN'T OFFICIALLY BEEN EXONERATED. BECAUSE HE HAD A CRIMINAL RECORD PRIOR TO THIS ARREST, THE D-A SAYS MORE INVESTIGATION IS NECESSARY BEFORE HE IS OFFICIALLY CLEARED...BUT.. IF WHAT EXISTS NOW HAD EXISTED WHEN MR. SONNIER WAS TRIED, HE NEVER WOULD HAVE BEEN INDICTED FOR THAT OFFENSE. BUT THE SAME D-N-A EVIDENCE THAT HAS LED TO HIS RELEASE HAS BEEN AVAILABLE FOR A LONG TIME. VIDEO GAMES ARE NO LONGER JUST FOR KIDS. AND SCIENTISTS SAY SOME ADULT PLAYERS MAY BE PLAYING A DANGEROUS GAME WITH THEIR HEALTH. IN A STUDY IN THE OCTOBER ISSUE OF THE AMERICAN JOURNAL OF PREVENTIVE MEDICINE, SCIENTISTS ANALYZED SURVEY DATA FROM 500 SEATTLE-AREA ADULTS AGED 19 TO 90. RESEARCHERS LOOKED AT WHETHER SUBJECTS PLAYED VIDEO GAMES AND HOW OFTEN THEY PLAYED VIDEO GAMES, USED THE INTERNET AND WATCHED TV OR DVDS. 45 PERCENT OF THOSE STUDIED SAID THEY PLAYED VIDEO GAMES. DOCTORS FOUND HOW THE GAMES AFFECTED ADULTS' HEALTH DEPENDED ON A PLAYER'S GENDER. FEMALE PLAYERS HAD HIGHER DEPRESSION RATES AND POORER QUALITY OF LIFE THAN WOMEN WHO DIDN'T PLAY THE GAMES. MALE PLAYERS HAD HIGHER BMIS, OR BODY MASS INDEXES, AND USED THE INTERNET FOR SOCIAL REASONS MORE THAN MALE NON-PLAYERS. RESEARCHERS SAY THE GAME PLAYING COULD LEAD TO SEDENTARY LIFESTYLES, WHICH COULD LEAD TO OBESITY OR MENTAL HEALTH ISSUES. NEARLY A THIRD OF STROKE PATIENTS SUFFER FROM PERIPHERAL ARTERY DISEASE, A CIRCULATION PROBLEM IN WHICH CLOGGED ARTERIES CONSTRICT BLOOD FLOW TO THE ARMS AND LEGS. IN STROKE PATIENTS, THIS CONDITION SIGNIFICANTLY INCREASES THE RISK OF HEART ATTACK OR SECOND STROKE, BUT IT OFTEN GOES UNDIAGNOSED BECAUSE PATIENTS EITHER HAVE NO SYMPTOMS OR FAIL TO REPORT THEIR SYMPTOMS TO THEIR DOCTORS. IN A RECENT STUDY, RESEARCHERS FOUND THAT A QUARTER OF STROKE PATIENTS HAVE PERIPHERAL ARTERY DISEASE BUT DO NOT SHOW SYMPTOMS, AND THESE PATIENTS ARE THREE TIMES AS LIKELY TO HAVE A SECOND STROKE, HEART ATTACK, OR DIE IN THE YEARS FOLLOWING A STROKE. THOUGH PERIPHERAL ARTERY DISEASE OFTEN GOES UNDETECTED, THIS STUDY CONFIRMED THAT A SIMPLE, 15-MINUTE TEST CAN DIAGNOSE THIS CONDITION EVEN WHEN THERE ARE NO OTHER SYMPTOMS. THE TEST USES A DEVICE SIMILAR TO A BLOOD PRESSURE CUFF TO COMPARE BLOOD FLOW IN THE ANKLE AND THE ARM AND CAN EASILY BE DONE AT THE PHYSICIAN'S OFFICE OR AT A PATIENT'S BEDSIDE.

EARLY DETECTION AND TREATMENT OF PERIPHERAL ARTERY DISEASE CAN HELP
REDUCE THESE PATIENT'S RISK OF SUBSEQUENT STROKE OR HEART ATTACK.

IT IS ONE OF THE MIRACLES OF MODERN MEDICINE THAT YOUR DOCTOR CAN SEE
INSIDE YOUR BODY WITHOUT SO MUCH AS TOUCHING YOU. BUT HOW MUCH IS TOO
MUCH? (GFX) IN TODAY'S NEW ENGLAND JOURNAL OF MEDICINE...DOCTORS LOOKED
AT THE RECORDS OF ALMOST A MILLION ADULTS--AND FOUND THAT IN A THREE-YEAR
PERIOD... 68 PERCENT OF THEM HAD C.T. SCANS, X-RAYS OR RADIOACTIVE
INJECTIONS. 22 THE DOSES OF RADIATION ARE SMALL...BUT THEY CAN ADD UP. AND
AT SOME POINT...THE RADIATION CAN BECOME RISKIER THAN THE ILLNESS YOUR
DOCTOR IS CHECKING. 10 "I THINK WE HAVE TO REALIZE THAT THESE TESTS HAVE
COSTS, NOT JUST IN TERMS OF DOLLAR AMOUNTS, BUT ALSO IN TERMS OF THE
RADIATION RISKS." 8 ONE STUDY SHOWED THE NUMBER OF TESTS HAS
QUADRUPLED. 5 STANDUP: BUT WILL THEY MAKE YOU LIVE LONGER? SOME
DOCTORS SAY THEY ORDER TESTS BECAUSE THEY'RE AFRAID THEY'LL GET SUED IF
THEY DON'T. AND SOME CLINICS ADVERTISE FULL BODY SCANS FOR PERFECTLY
HEALTHY PEOPLE. 12 RADIOLOGISTS--THE DOCTORS WHO DO THE TESTS--SAY THEY
ARE OFTEN LIFESAVERS... AND THE DOSES OF RADIATION ARE GOING DOWN WITH
BETTER TECHNOLOGY. 9 "IMAGING IS EXTREMELY VALUABLE. IMAGING IS THE
GUIDING HAND OF MEDICINE. IMAGING TELLS THE SURGEON WHERE TO OPERATE." 7
THE STUDY AUTHORS SAY THERE NEEDS TO BE A BALANCE. IF YOU'VE SURVIVED
CANCER, FOR INSTANCE, A FOLLOW-UP SCAN MAKES GOOD SENSE. BUT THEY SAY
PATIENTS AND DOCTORS SHOULD ASK...IF MORE TESTING IS BETTER TESTING.
